History. Reputation. Quality.

Since 1978, over 1½ billion square feet of the Duro-Last® roofing system have been installed throughout North America. Architects, roof consultants, and other specifiers choose Duro-Last for a variety of buildings because it is:

- Prefabricated in our controlled factory environment to fit every roof precisely.
- Resistant to fire, chemicals, grease, high winds, and punctures.
- Installed without disruption to building operations.
- Highly reflective. The white membrane delivers real cost savings for building owners and managers. Specifying Duro-Last can also help in obtaining credits toward LEED® and LEED-EB certification.
- Code compliant.
- Professionally installed by authorized contractors.
- Backed by the industry's best warranties.

Duro-Last can provide the following services to specifiers:

- AIA Continuing Education Opportunities
- Specification Reviews
- CAD Assistance
- Roof Evaluations
- Pull Tests
- Nationwide and Local Code Approvals

The Duro-Last roofing system is the best choice for your roofing project.
