Trust Duro-Last for proven watertight protection.

**DON'T LET A
STORM LEAVE
YOU WITH
A LEAKY ROOF**

LET THE DURO-LAST ROOFING SYSTEM BE YOUR CALM BEFORE THE STORM.

- Prefabrication of the Duro-Last roofing system means that 80–85% of membrane seaming is done in a controlled factory setting, virtually eliminating the risk of rooftop leaks—even in the roughest, wettest weather.
- The Duro-Last roofing system is The Proven Performer®, withstanding extreme weather in all seasons throughout the United States.
- Duro-Last can meet or exceed all major fire and wind code requirements, as well as regional approvals throughout the country, reinforcing Duro-Last's leadership in providing the consistent watertight integrity that building owners expect.
- Our white membrane reflects up to 86% of the sun's energy, and can help reduce cooling costs when the sun does come out.
- Duro-Last protects commercial and industrial buildings with a comprehensive 15-year No Dollar Limit (NDL) warranty that clearly states our coverage of consequential damages that result from defects in the Duro-Last material and/or installation workmanship. Duro-Last also has 20-year warranties available.

"Duro-Last" and the "World's Best Roof" are registered marks owned by Duro-Last Roofing, Inc. ENERGY STAR is only valid in the United States Before The Storm Mailer 5/11 - 95xxx-00x / #DL01-0048
