WHEN YOUR AILING MEDICAL  
FACILITY ROOF NEEDS HELP,  
GET THE RIGHT PRESCRIPTION

**THE DURO-LAST®  
ROOFING SYSTEM**

# DURO-LAST® IS THE WORLD'S BEST CURE FOR ROOF PROBLEMS

Blisters. Open seams. Weather damage. Old age. They all lead to one thing – a leaking, ailing roof. For hospitals and medical facilities, that’s a diagnosis for disaster. That’s why medical facilities throughout the country prescribe Duro-Last.

## CUSTOM PREFABRICATED FOR EVERY BUILDING

Each Duro-Last project is prefabricated to fit every roof precisely. By performing 80-85% of membrane seaming in our controlled factory environment, Duro-Last reduces the potential for rooftop installation errors and leaks. Also, custom fabricated stacks and curb flashings eliminate nearly 100% of rooftop labor from the most critical roof areas – transitions and penetrations. The Duro-Last roofing system is perfect for any flat, low-sloped, new or retrofit application.

## DURABLE

The Duro-Last roofing system is resistant to fire, chemicals, grease, high winds, and punctures, and easily accommodates wide temperature extremes. Once installed, a Duro-Last roof is watertight and virtually maintenance-free.

## INSTALLED WITH NO DISRUPTIONS

Installation is quiet and safe, without loud machinery, hazardous materials, noxious fumes, hot tar or mess. Your patients and staff will not be inconvenienced during the installation. Moreover, a new Duro-Last roofing system can often be installed over an existing roof without an expensive tear-off, virtually eliminating debris that could disrupt building activities or damage sensitive hospital equipment.

## ENERGY-EFFICIENT

The Duro-Last white membrane is highly-reflective throughout its life span on the roof, saving significant energy and money for building owners all over North America.

## BACKED BY THE INDUSTRY'S BEST WARRANTIES

Duro-Last is so confident in the durability of our roofing systems that we protect commercial and industrial installations with the best warranties in the industry. Our standard, comprehensive 15-year No Dollar Limit (NDL) warranty is transferable, has no exclusions for ponding water, and provides coverage against consequential damages that result from defects in the Duro-Last material and/or installation workmanship. Duro-Last also has 20-year warranties available.

## PROFESSIONALLY INSTALLED

The “World’s Best Roof”® is installed by authorized contractors who can draw on the expertise of Duro-Last’s designers, engineers, and quality control technicians to ensure that every roof is installed to specification.

## CODE COMPLIANT

Duro-Last has met or exceeded all major fire and wind code requirements as well as regional approvals throughout the country, reinforcing Duro-Last’s leadership in providing the consistent watertight integrity that hospital facility managers expect.
