Trust Duro-Shield® for a leak-proof roof.

... AND DURO-LAST CAN SAVE YOU MONEY ON YOUR ROOF INVESTMENT.

THE DURO-SHIELD® METAL RETROFIT ROOFING SYSTEM PROVIDES WATERTIGHT PROTECTION AND CAN SAVE YOU MONEY ON INSTALLATION, MAINTENANCE, AND ENERGY COSTS.

CUSTOM PREFABRICATION IS THE DIFFERENCE

The Duro-Shield roofing system is perfect for any flat, low-sloped, new or metal retrofit application. Every Duro-Shield project is prefabricated to fit each roof precisely. By performing 80-85% of membrane seaming in our controlled factory environment, Duro-Last reduces labor and waste, plus the potential for rooftop installation errors and leaks.

DURABLE

The Duro-Shield roofing system is fire retardant, resistant to chemicals, grease, high winds, and punctures, and easily accommodates wide temperature extremes. Duro-Last's custom flashing resists ponding water and helps solve costly roof problems before they happen.

VIRTUALLY MAINTENANCE-FREE

Once installed, a Duro-Shield roof is watertight and virtually maintenance-free. Other roofing systems require the building owner to re-coat, re-seal, and inspect/maintain the roof in order to retain warranty coverage.

ENERGY-EFFICIENT

The Duro-Shield white membrane is highly-reflective throughout its life span on the roof, saving significant energy and money for building owners all over North America.

BUSINESS AS USUAL

Installation is quiet and safe without loud machinery, hazardous materials, noxious fumes, hot tar or mess. A new Duro-Shield roofing system can often be installed over an existing roof without an expensive tear-off, virtually eliminating debris that could disrupt building activities or damage equipment.

ELIMINATES PREMATURE ROOF REPLACEMENT

One of the biggest hidden costs of any roofing system is premature replacement. Duro-Last delivers a complete roofing system consisting of high-quality materials, installed by an authorized contractor. Plus, quality checks performed before, during, and after the installation help ensure the longevity of a Duro-Shield roof.

BACKED BY THE INDUSTRY'S BEST WARRANTIES

Duro-Last is so confident in the durability of our roofing systems that we protect commercial and industrial installations with the best warranties in the industry. Our standard, comprehensive 15-year No Dollar Limit (NDL) warranty is transferable, has no exclusions for ponding water, and provides coverage against consequential damages that result from defects in the Duro-Last material and/or installation workmanship. Duro-Last also has 20-year warranties available.

DELIVERS LONG-TERM VALUE

Custom prefabrication. Durable, leak-proof, virtually maintenance-free performance. Energy savings. Industry-leading warranties. Installed by authorized, professional contractors. The Duro-Shield metal retrofit roofing system is the best long-term investment for your building.

PROTECT YOUR ROOF INVESTMENT, INSTALL A DURO-SHIELD ROOFING SYSTEM.

"We needed a roofing solution that could free my staff from constant repairs, was durable, easily installed, and required very little or no maintenance.

"...There are no more leaks, the building looks great, it's cooler in the distribution center, and my time has been freed to do other maintenance tasks. If that wasn't enough, Duro-Last offers the best warranty protection available."
