Duro-Last is building Michigan's economy, one roof at a time!

WITH THE
"WORLD'S BEST ROOF"®
MANUFACTURED RIGHT HERE
IN YOUR BACKYARD...

**WHY WOULD YOU
GO ANYWHERE ELSE?**

Duro-Last® is the obvious choice for Michigan building owners because WE MANUFACTURE THE “WORLD’S BEST ROOF”®

As we all know, manufacturing is a vital part of Michigan’s economy. Duro-Last® Roofing, Inc. has been a Michigan manufacturer for over 30 years.

WHY MICHIGAN?

Michigan has one of the most highly-skilled and well-educated labor forces in the country, which is the key component to Duro-Last’s success. Many of Duro-Last’s employees and authorized contractors have been with the company since its beginning. Duro-Last is trusted by building owners because of its high-quality products and the support contractors and customers receive from the manufacturer.

WHY DURO-LAST?

Energy-Efficient: Energy conservation has become an important element of everyday life at home and in the workplace, and Duro-Last recognizes the significance of producing a product that is highly energy-efficient and will deliver real utility cost savings.

Durable: The Duro-Last roofing system is fire retardant, resistant to chemicals, grease, high winds and punctures, and easily accommodates wide temperature extremes. Once installed, a Duro-Last roof is watertight and virtually maintenance-free.

Custom Prefabricated: Every Duro-Last project is prefabricated to fit each roof precisely. By performing 80-85% of the membrane welding in a controlled factory environment, Duro-Last reduces the potential for rooftop installation errors and leaks.

Professionally Installed: The “World’s Best Roof” is installed by authorized contractors who can draw on the expertise of Duro-Last’s designers, engineers, and quality control technicians to ensure that every roof is installed to specification.

Business As Usual: Installation is quiet and safe, without loud machinery, hazardous materials, noxious fumes, open flames, hot tar or mess. A new Duro-Last roofing system can often be installed over an existing roof without an expensive tear-off, virtually eliminating debris that could disrupt building activities or damage sensitive equipment.

Backed By The Industry’s Best Warranties: Duro-Last is so confident in the durability of our roofing systems that we protect commercial and industrial installations with the best warranties in the industry. Our standard, 15-year No Dollar Limit (NDL) warranty is transferable, has no exclusions for ponding water, and provides coverage against consequential damages that result from defects in the Duro-Last material. Duro-Last also has 20-year warranties available.
