TIRED OF YOUR MOBILE HOME ROOF LEAKING?

INSTALL DURO-LAST® AND ENJOY A WORRY-FREE AND LEAK-PROOF ROOF!

If you're tired of dodging buckets when it rains and weary from continually maintaining your mobile home roof, it's time to take a look at the Duro-Last roofing system. Duro-Last is The Proven Performer® – providing leak-proof protection for your family and mobile home.

CUSTOM PREFABRICATION IS THE DIFFERENCE

Each Duro-Last project is prefabricated to fit every mobile home roof precisely. By performing 80-85% of membrane seaming in our controlled factory environment, Duro-Last reduces the potential for rooftop installation errors.

DURABLE

The Duro-Last roofing system is fire retardant, resistant to chemicals, grease, high winds, and punctures, and easily accommodates wide temperature extremes. Once installed, a Duro-Last roof is watertight and virtually maintenance-free. No more re-coating, patching or repairing your mobile home roof.

NO DISRUPTION TO YOUR MOBILE HOME'S ACTIVITIES

Year-round installation is quiet and safe without loud machinery, hazardous materials, noxious fumes, hot tar or mess. A new Duro-Last roofing system can often be installed over an existing roof without an expensive tear-off, virtually eliminating debris that could disrupt activities or damage valuables.

ENERGY-EFFICIENT

The Duro-Last white membrane is highly-reflective throughout its life span on the roof, saving significant energy and money for building owners all over North America.

BACKED BY AN OUTSTANDING WARRANTY

Duro-Last protects the mobile home owner with a transferable 15-year material warranty. Not only do you receive excellent coverage, the warranty comes to you at no additional cost.

CODE COMPLIANT

Duro-Last has met or exceeded all major fire and wind code requirements as well as regional approvals throughout the country, reinforcing Duro-Last's leadership in providing the consistent watertight integrity that mobile home owners expect.

PROFESSIONALLY INSTALLED

The "World's Best Roof"® is installed by authorized contractors who can draw on the expertise of Duro-Last's designers, engineers, and quality control technicians to ensure that every roof is installed to specification.
