Premeasured.

Prefabricated.

At Duro-Last[®], we sweat the details. You get the credit.

Duro-Last works with contractors like you every step of the way to make sure each Duro-Last roof is delivered to the job site on time and on spec, with all components included, and up to 85 percent of the seaming already completed in our factory.

That means you can install faster, in all kinds of weather, with less chance for callbacks – which keeps your crew productive and your business profitable.

Discover the difference prefabrication can make: Become a Duro-Last contractor.

Precision fabrication is a major advantage that helps Duro-Last contractors grow and prosper year after year. But that's not all Duro-Last offers to help you succeed. You'll also discover:

- Innovative products to meet your customers' needs:
 - Duro-Last Cool Zone[®] roofing system – *the "World's Coolest Roof"*[™]. The Duro-Last[®] Cool Zone[®] white membrane is highly-reflective throughout its life span on the roof, saving significant energy and money for building owners all over North America.
 - Duro-Shield[®] roofing system – *the Perfect Fit for Metal Retrofit*.
- Comprehensive sales and marketing materials and assistance.
- Ongoing training and support for you and your crews.
- Computer engineering to save you time and assure a perfect fit every time.
- The best warranties in the business.

We want to help you install roofs more successfully than ever before. If you want to satisfy your customers and build your business, install the only precision fabricated roofing system: Duro-Last.
