DURO-LAST® HAS COOKED UP THE “WORLD’S BEST ROOF”®

CUSTOM FABRICATION MAKES DURO-LAST A PIECE OF CAKE TO INSTALL

Each Duro-Last project is prefabricated to fit every roof precisely. By performing 80-85% of membrane seaming in our controlled factory environment, Duro-Last reduces the potential for rooftop installation errors and leaks. Also, custom fabricated stacks and curb flashings eliminate nearly 100% of rooftop labor from the most critical roof areas — transitions and penetrations. The Duro-Last roofing system is perfect for any flat, low-sloped, new or retrofit application.

DURO-LAST CONTRACTORS ARE THE CREAM OF THE CROP

The “World’s Best Roof”® is installed by authorized contractors who can draw on the expertise of Duro-Last’s designers, engineers, and quality control technicians to ensure that every roof is installed to specification.

CODE COMPLIANT

Duro-Last has met or exceeded all major fire and wind code requirements as well as regional approvals throughout the country, reinforcing Duro-Last’s leadership in providing the consistent watertight integrity that restaurant owners expect.

BACKED BY THE INDUSTRY’S BEST WARRANTIES

Duro-Last is so confident in the durability of our roofing systems that we protect commercial and industrial installations with the best warranties in the industry. Our standard, comprehensive 15-year No Dollar Limit (NDL) warranty is transferable, has no exclusions for ponding water, and provides coverage against consequential damages that result from defects in the Duro-Last material and/or installation workmanship. Duro-Last also has 20-year warranties available.

MAKE YOUR RESERVATIONS TO INSTALL DURO-LAST ON YOUR RESTAURANT ROOF.

LONG-TERM VALUE SERVED ON A SILVER PLATTER

Custom prefabrication. Energy savings. Durable, leak-proof, virtually maintenance-free performance. Installed by authorized professional contractors. Industry-leading warranties. The Duro-Last roofing system is the best long-term investment for your restaurant.

*Duro-Last® and the “World’s Best Roof”® are registered marks owned by Duro-Last Roofing, Inc. Restaurant Mailer 6/09 - 95087 / M#DL01-0005

DURABLE

The Duro-Last roofing system is resistant to fire, chemicals, grease, high winds, and punctures, and easily accommodates wide temperature extremes. Duro-Last’s custom flashing resists ponding

water and helps solve roof problems before they happen. Once installed, a Duro-Last roof is watertight and virtually maintenance-free.

INSTALLED WITH NO DISRUPTIONS

Installation is quiet and safe, without loud machinery, hazardous materials, noxious fumes, hot tar or mess. A new Duro-Last roofing system can often be installed over an existing roof without an expensive tear-off, virtually eliminating debris that could disrupt restaurant activities or damage sensitive equipment.

ENERGY-EFFICIENT

The Duro-Last white membrane is highly-reflective throughout its life span on the roof, saving significant energy and money for building owners all over North America.
