Retailers rely on Duro-Last to protect shoppers and store contents. Duro-Last is excellent for shopping centers, malls, shops, and downtown stores.

Custom Prefabricated For Every Building

The Duro-Last roofing system is perfect for any flat, low-sloped, new or retrofit application. Each Duro-Last project is prefabricated to fit every roof precisely. By performing 80-85% of membrane seaming in our controlled factory environment, Duro-Last reduces the potential for rooftop installation errors and leaks. Also, custom fabricated stacks and curb flashings eliminate the majority of on-site work from the most critical areas of the roof – the penetrations and transitions.

Durable
The Duro-Last roofing system is fire retardant, resistant to chemicals, grease, high winds and punctures, and easily accommodates wide temperature extremes. Once installed, a Duro-Last roof is watertight and virtually maintenance-free.

Business As Usual

Installation is quiet and safe, without loud machinery, hazardous materials, noxious fumes, hot tar or mess. A new Duro-Last roofing system can often be installed over an existing roof without an expensive tear-off, virtually eliminating debris that could disrupt building activities and deter shoppers.

Energy-Efficient

The Duro-Last white membrane is highly-reflective throughout its life span on the roof, saving significant energy and money for building owners all over North America.

Backed By The Industry's Best Warranties

Duro-Last is so confident in the durability of our roofing systems that we protect commercial and industrial installations with the best warranties in the industry. Our standard, comprehensive 15-year No Dollar Limit (NDL) warranty is transferable, has no exclusions for ponding water, and provides coverage against consequential damages that result from defects in the Duro-Last material and/or installation workmanship. Duro-Last also has 20-year warranties available.

Code Compliant

Duro-Last has met or exceeded all major national fire and wind code requirements, and has received regional approvals throughout the country, reinforcing Duro-Last's leadership in providing the consistent watertight integrity that building owners expect.

Professionally Installed

The "World's Best Roof"® is installed by authorized contractors who can draw on the expertise of Duro-Last's designers, engineers, and quality control technicians to ensure that every roof is installed to specification.

Delivers Long-Term Value

Custom prefabrication. Energy savings. Durable, leak-proof, virtually maintenance-free performance. Industry-leading warranties. Installed by authorized, professional contractors. The Duro-Last roofing system delivers the best long-term investment value for your retail operation.
