Trust Duro-Last for your educational facility.

## EARN HONORS BY INSTALLING THE DURO-LAST ROOFING SYSTEM

Educational facility professionals throughout North America have learned to trust the "World's Best Roof" – the Duro-Last roofing system – to protect their students. The best long-term solution to your roofing needs, Duro-Last outperforms and outlasts other roofing systems because of these attributes:

### Custom Prefabrication Is The Difference

The Duro-Last roofing system is perfect for any flat, low-sloped, new or retrofit application.

Every Duro-Last project is prefabricated to fit each roof precisely. By performing 80-85% of membrane seaming in our controlled factory environment, Duro-Last reduces the potential for rooftop installation errors and leaks.

Also, custom fabricated stacks and curb flashings eliminate the majority of on-site work from the most critical areas of the roof – the transitions and penetrations.

### Durable

The Duro-Last roofing system is fire retardant, resistant to chemicals, grease, high winds, and punctures, and easily accommodates wide temperature extremes. Duro-Last's custom flashing resists ponding water and helps solve roof problems before they happen. Once installed, a Duro-Last roof is watertight and virtually maintenance-free.

### Business As Usual

Installation is quiet and safe without loud machinery, hazardous materials, noxious fumes, hot tar or mess. A new Duro-Last roofing system can often be installed over an existing roof without a tear-off, virtually eliminating debris that could disrupt school activities or damage sensitive equipment.

### Energy-Efficient

The Duro-Last white membrane is highly-reflective throughout its life span on the roof, saving significant energy and money for building owners all over North America.

### Code Compliant

Duro-Last has met or exceeded all major fire and wind code requirements as well as regional approvals throughout the country, reinforcing Duro-Last's leadership in providing the consistent watertight integrity that schools expect.

### Professionally Installed

The "World's Best Roof" is installed by authorized contractors who can draw on the expertise of Duro-Last's designers, engineers, and quality control technicians to ensure that every roof is installed to specification.

### Delivers Long-Term Value

Custom prefabrication. Energy savings. Durable, leak-proof, virtually maintenance-free performance. Industry-leading warranties. Installed by authorized, professional contractors. The Duro-Last roofing system is the best long-term investment for your educational facility.

**GIVE YOUR STUDENTS A+ PROTECTION  
— A DURO-LAST ROOF.**

## Backed By The Industry's Best Warranties

Duro-Last is so confident in the durability of our roofing systems that we protect commercial and industrial installations with the best warranties in the industry. Our standard, comprehensive 15-year No Dollar Limit (NDL) warranty is transferable, has no exclusions for ponding water, and provides coverage against consequential damages that result from defects in the Duro-Last material and/or installation workmanship. Duro-Last also has 20-year warranties available.

"Duro-Last" and the "World's Best Roof" are registered marks owned by Duro-Last Roofing, Inc. • School Mailer 6/09 - 95631 / M#DL01-0035
