Self-storage facility owners trust Duro-Last.

**NO MATTER
WHAT YOUR
CUSTOMERS
ARE STORING,
THE DURO-LAST®
ROOFING SYSTEM
WILL KEEP
IT DRY.**

Self-storage facilities throughout North America count on roofing systems manufactured by Duro-Last® Roofing, Inc. to shelter their customers' valuable property. Duro-Last roofing systems are excellent for any flat, low-sloped, new or retrofit application – perfect for self-storage facilities.

CUSTOM PREFABRICATION IS THE DIFFERENCE

Every Duro-Last project is custom prefabricated to fit each roof precisely. By performing 80-85% of membrane seaming in our controlled factory environment, Duro-Last reduces the potential for rooftop installation errors and leaks that can occur.

DURABLE

The Duro-Last roofing system is fire retardant, resistant to chemicals, grease, high winds, punctures, and easily accommodates wide temperature extremes. Once installed, a Duro-Last roof is watertight and virtually maintenance-free.

BUSINESS AS USUAL

Installation is quiet and safe, without loud machinery, hazardous materials, noxious fumes, hot tar or mess. A new Duro-Last roofing system can often be installed over an existing roof without an expensive tear-off, virtually eliminating debris that could damage customers' belongings.

REDUCE CLIMATE-CONTROLLED ENERGY COSTS

The Duro-Last white membrane is highly-reflective throughout its life span on the roof, saving significant energy and money for building owners all over North America.

THE PERFECT FIT FOR METAL ROOF RETROFITS

For self-storage facilities with aging metal roofs, the Duro-Shield® metal retrofit roofing system can be installed over an existing roof. It's the cost-effective, long-term way to protect buildings against rain, temperature changes, interior drips, ice build-up, and corrosion.

BACKED BY THE INDUSTRY'S BEST WARRANTIES

Duro-Last is so confident in the durability of our roofing systems that we protect commercial and industrial installations with the best warranties in the industry. Our standard, comprehensive 15-year No Dollar Limit (NDL) warranty is transferable, has no exclusions for ponding water, and provides coverage against consequential damages that result from defects in the Duro-Last material and/or installation workmanship. Duro-Last also has 20-year warranties available.

CODE COMPLIANT

Duro-Last has met or exceeded all major fire and wind code requirements as well as regional approvals throughout the country, reinforcing Duro-Last's leadership in providing the consistent watertight integrity that building owners expect.

PROFESSIONALLY INSTALLED

The "World's Best Roof"® is installed by authorized contractors who can draw on the expertise of Duro-Last's designers, engineers, and quality assurance technicians to ensure that every roof is installed to specification.

DELIVERS LONG-TERM VALUE

Custom prefabrication. Energy savings. Durable, leak-proof, virtually maintenance-free performance. Industry-leading warranties. Installed by authorized, professional contractors. A Duro-Last roofing system is the best long-term investment for your self-storage facility.
